NATIONAL HEALTH FREEDOM ACTION

The link between the MMR Measles Mumps Rubella vaccine, and Autism has been confirmed and intentionally hidden from the American people by top Center for Disease Control scientists!

We need to act now and demand investigation, hearings and accountability and to demand an immediate warning and halt to the harming of more children!

Click Here and put in your Zip Code and first send a thank you letter to Congressman Posey and then a second letter to Congressman Jason Chaffetz, Chairman of the House Oversight and Government Reform Committee, as well as the Homeland Security and Government Operations Committee Chairman, Senator Ron Johnson requesting they investigate and halt this dangerous situation.

Dr. William Thompson, Ph.D., the scientist that has come forward to admit this awful truth, has now shared documents with Congressman Posey of Florida of what the scientists did including getting together and putting data records in trash can. And Congressman Posey has brought this information to the full U.S. House of Representatives in a speech July 29, 2015, disclosing this horrible truth to the public. **See above video of Congressman Posey's speech.**

And here is a message from Twitter health freedom colleagues! Happy Tweeting!
