**GREAT NEWS! Call Michigan Governor Snyder  
Ask Him to Sign House Bill 4688  
REPEALING Michigan's Restrictive Dietitian Law**

Congratulations Michigan for passing the Groundbreaking Dietitian REPEAL bill HB4688 out of the House and Senate. HB 4688 repeals a restrictive monopolistic licensing bill that allowed only dietitians to give nutrition advice to consumers, making it a crime for other citizens to provide nutrition recommendations. The Governor's signature is the last step in this 8-year journey to repeal the law since the law passed.

If you are a Michigan Resident:

## **Michigan is Leading the Way!**

**The Repeal of the Michigan Dietitian Law is a testimony to the Health Awareness and Nutrition Knowledge growing in our country! It is essential that we protect our freedom to access the practitioners and information sources of our choice.**

**1. H.B. 4688 dissolves** an offensive occupational monopoly on the world of nutrition by a private trade group, the Academy of Nutrition and Dietetics (formerly the American Dietetics Association), claiming that only those dietitians with the endorsed trade group education can obtain licensure from the state of Michigan.

**2. H.B. 4688 supports** cottage industries and independent practitioners of all kinds, including all natural health care practitioners, who are providing thousands of citizens with nutritional consultations and lifestyle coaching.

**3. H.B. 4688 increases consumer options** in natural health care and will have broad positive implications on the economy and health of Michigan.

Thank you.

Sincerely,

National Health Freedom Action
