

Join 2/21 Meeting for GA re: Complementary and Alternative Practitioner Exemption Legislation Drafting

- February 18, 2019
- [News](#)

Thank you to everyone who joined our meeting! We had a great conversation about how the current laws restrict the ability to practice complementary and alternative health care in GA and how a Safe Harbor, practitioner exemption, bill can both protect consumers' option in healthcare and safeguard practitioners of the healing arts.

We want to give you another opportunity to learn about the bill to strengthen access to complementary and alternative health practitioners across your state and to protect your practitioners' rights to practice! This week's meeting will focus on the actual drafting of language for the GA Safe Harbor exemption bill.

Please join our attorneys and your fellow health freedom advocates using the following Zoom meeting information.

Topic: Georgia Group Call for Complementary and Alternative Practitioner Exemption Legislation

Time: Thursday, Feb. 21, 2019 at 3:30 PM Eastern Time

Now is the time to work together with your peers to pass this type of practitioner exemption legislation in Georgia. "Safe Harbor"

Practitioner Exemption legislation has been passed into law, in some form, [in ten states](#) to ensure consumer access to a broad domain of healers and practitioners who are not licensed but provide safe therapies.

The local GA activists decided to create a Steering Committee to work together to support the passage of this type of bill for GA. Please reach out to GA resident Mary Ann if you would to learn more about it (email: maryann@ximahealthcenter.com; phone: (404) 698-0460).

If you have any questions or concerns about this email or upcoming call, please let us know. We look forward to speaking with you soon. Thank you!

Sincerely,

**Diane Miller, J.D. Director of Law and Public Policy
